mryoo@egovid.com

Education

The University of Texas at Austin

2004~2008

Ph.D. in Electrical and Computer Engineering, August 2008

M.S. in Electrical and Computer Engineering, August 2006

Korea Advanced Institute of Science and Technology (KAIST)

2000~2004

B.S. in Computer Science, *magna cum laude*, August 2004

Professional Appointments

Assistant Professor, Indiana University, School of Informatics and Computing, Bloomington, IN (2015.08 ~)

Founder and CTO, EgoVid Inc., Ulsan, South Korea. (2016.08 ~)

Research Affiliate (adjunct), NASA's Jet Propulsion Laboratory (NASA-JPL), Pasadena, CA (2015.08 ~)

Research Technologist, NASA's Jet Propulsion Laboratory (NASA-JPL), Pasadena, CA (2011.10 ~ 2015.07)

Research Scientist (military duty for South Korea), ETRI - a national lab, South Korea (2008.9 ~ 2011.9)

Funding

Current grants and contracts

- **(PI)** ARL's Robotics Collaborative Technology Alliance (RCTA), Task P5-5 "Human Activity Recognition with Context Learning" (2016) and T2C1S2D "Predicting Human Intent and Activity Possibilities" (2017-2018), 2016.01~ 2018.12, \$220,000.
- **(PI)** ICT R&D program of South Korean Ministry of Science, "Recognizing Objects and Events from Videos for XD-Media Special Effects," 2016.01~2018.12, ~\$400,000 for 36 months, with Electronics and Telecommunications Research Institute (ETRI).

Past funding

- **(co-PI)** DARPA's Simplifying Complexity in Scientific Discovery (SIMPLEX), Task "Action Recognition and Learning from a First-Person View," 2015.03~2016.03, \$90,000 for 12 months, with S.-C. Zhu (UCLA).
- **(PI)** NVIDIA hardware donation program, 2015, 2016.
- **(co-PI, subtask-PI)** ARL's Robotics Collaborative Technology Alliance (RCTA), Sub-task P5-2 "Understanding of Human Interactions and Reactions," Phase1: 2012.04~2014.12, "Semantic Understanding of Human Activities", Phase2: 2015.01~ 2015.12, ~\$500,000, with L. Matthies (JPL).
- **(PI)** JPL's B&P Funding, "Group Activity Recognition from Aerial Videos," etc., 2013~2014, \$17,000.
- **(PI)** Otis Elevator Korea, "Detection of Abnormal Activities in Elevators Using Cameras" 2011, \$60,000.

Selected Awards and Honors

- **Best Vision Paper Award, ICRA 2016**
IEEE International Conference on Robotics and Automation (ICRA), Stockholm, Sweden, May 2016.
Gori, Aggarwal, Matthies & Ryoo, "Multi-Type Activity Recognition in Robot-Centric Scenarios"
- **Best Paper Award Nominee, HRI 2015 (2nd place in Best Enabling Technology)**
ACM/IEEE International Conference on Human-Robot Interaction (HRI), Portland, OR, March 2015.
Ryoo et al., "Robot-Centric Activity Prediction from First-Person Videos: What Will They Do to Me?"

Talks

Tutorials

- *Emerging Topics in Human Activity Recognition*
IEEE Conference on Computer Vision and Pattern Recognition (CVPR), Columbus, OH, June 2014.
(Speakers: M. S. Ryoo, Ivan Laptev, Greg Mori, Sangmin Oh)
- *Activity Recognition for Visual Surveillance*
IEEE Conference on Advanced Video and Signal-based Surveillance (AVSS), Beijing, China, Sep. 2012.
(Speakers: M. S. Ryoo, Anthony Hoogs, Arslan Basharat, Sangmin Oh)
- *Frontiers of Human Activity Analysis*
IEEE Conference on Computer Vision and Pattern Recognition (CVPR), Colorado Springs, CO, June 2011.
(Speakers: J. K. Aggarwal, M. S. Ryoo, K. Kitani)
- *Understanding Videos – Human Activity Analysis*
11th Pacific Rim International Conference on Artificial Intelligent (PRICAI), Daegu, Korea, August 2010.
(Speakers: M. S. Ryoo, K. Kitani)

Keynote talks

- *Human Activity Recognition from Anonymized Videos*, Joint BMTT-PETS Workshop on Tracking and Surveillance (PETS), in conjunction with CVPR, Honolulu, HI, July 2017.
- *Activity Recognition from Persons' Viewpoint and Robots' Viewpoint*, International Workshop on Human Activity Analysis with Highly Diverse Cameras (HDC), in conjunction with WACV, Santa Rosa, CA, March 2017.
- *First-Person Activity Recognition: What Are They Doing and What Will They Do to Me?* The 4th International Workshop on Pervasive Eye Tracking and Mobile Eye-Based Interaction (PETMEI), in conjunction with UbiComp, Seattle, WA, September 2014.
- *First-Person Activity Recognition: Understanding Human Interactions from Egocentric Videos*, Workshop on Understanding Human Activities: Context and Interaction (HACI), in conjunction with ICCV, Sydney, Australia, December 2013.
- *Human Activity Recognition for Intelligent Surveillance Systems*, International Video Surveillance Market Trend & Development Strategy Conference and Exhibition (IVSS), Seoul, Korea, May 2011.

Selected invited talks and department seminars

- *Human Activity Recognition from a Robot's Viewpoint*
Invited Talk, ARO/ISI Workshop on Multimodal Data Analysis for Human Activity Detection & Understanding, September 2016
- *Human Activity Recognition from a Robot's Viewpoint*
VASC Seminar (RI), Carnegie Mellon University, Pittsburgh, PA, February 2016.
- *First-Person Computer Vision – Understanding Egocentric Video Observation*
Department Seminar (CSE), Seoul National University, Seoul, Korea, May 2013.
- *Human Activity Recognition for Real-World Scenarios: Prediction and Cross-Domain Composition*
Institute Seminar (IRIS), University of Southern California, Los Angeles, CA, March 2012.
- *Computer Vision for Videos – From Objects to Events and Activities*
Department Seminar (CS), KAIST, Daejeon, Korea, May 2011.
- *Stochastic Representation and Recognition of High-level Group Activities*
Invited Talk, Intl. Workshop on Stochastic Image Grammars (SIG) with CVPR, Miami, FL, June 2009.
- *Semantic Representation and Recognition of Human Activities*
Department Seminar (CS), University of Houston, Houston, TX, April 2008.

Media coverage

- *Decoding the Language of Human Movements*
Interview, Communications of the ACM magazine, Vol. 57, Issue 12, pages12-14, December 2014.

Theses

- “Semantic Representation and Recognition of Human Activities,” Ph.D. Dissertation, the University of Texas at Austin, August 2008.
Outstanding Dissertation Award Nominee (1 in all ~70 ECE Ph.D. dissertations)
- “Semantic Understanding of Continued and Recursive Activities using Context-Free Grammar,” M.S. Thesis, the University of Texas at Austin, August 2006.
Outstanding Thesis Award Nominee (1 in all ECE Masters theses)
- “Affective Dialogue Communication System with Emotional Memories for Humanoid Robots,” B.S. Thesis, Korea Advanced Institute of Science and Technology (KAIST), August 2004.

* Corresponding author

Other Awards and Honors

- **Best Poster Award, MPR 2014**
The 10th Joint Workshop on Machine Perception and Robotics (MPR), Beijing, Oct. 2014.
Iwashita, Takamine, Kurazume & Ryoo, “First-Person Animal Activity Recognition from Egocentric Videos”
- **Best Video Award (sponsored by IEEE RO-MAN), KROS 2011**
The 6th Korea Robotics Society Annual Conference (KRoC), 2011 – the award with the largest amount of prize.
Ryoo *et al.*, “Personal Driving Diary: Constructing a Video Archive of Everyday Driving Events”
- **Outstanding Dissertation/Thesis Award Nominee, 2007 and 2009**
The only candidate nominated by the Department of ECE, the University of Texas at Austin.
- **UT Engineering Doctoral Fellowship + Bruton Fellowship, 2006.9 ~ 2008.8**
Full tuition and \$10,000 annual supplemental stipend to support research (3 years granted).
Supported by the College of Engineering, the University of Texas at Austin.
- **Korea Foundation for Advanced Studies Fellowship (supported by SK), 2004.8 ~ 2008.8**
Full scholarship awarded for tuition and living expenses, \$50,000 annually, for Ph.D. study (5 years granted).
One of the five recipients selected from nationwide (South Korea) in Computer Science.
- **Professional Development Award, the University of Texas at Austin, 2006 and 2007**
- **KAIST Undergraduate Scholarship, 2000.3 ~ 2004.1**
Full scholarship awarded for tuition and living expenses.

Professional Activities

Organizer/Chair

- Local arrangement chair, ACM/IEEE International Conference on Human-Robot Interaction (HRI) 2018
- Lead organizer, the 4th Workshop on Egocentric (First-Person) Vision, with CVPR 2016
- Organizer, the 3rd Workshop on Egocentric (First-Person) Vision, with CVPR 2014
- Lead organizer, ICPR Contest on Semantic Description of Human Activities (SDHA), with ICPR 2010

Program committee member

- PC member, AAAI Conference on Artificial Intelligence (AAAI), 2017
- PC member, International Joint Conference on Artificial Intelligence (IJCAI) 2016
- Area chair, IEEE Winter Conference on Applications of Computer Vision (WACV), 2016
- PC member, AAAI Conference on Artificial Intelligence (AAAI), 2016
- PC member, Workshop on Computational Models of Social Interactions and Behavior, with CVPR 2014
- PC member, Vision Meets Cognition Workshop, with CVPR 2014
- PC member, Workshop on Action Recognition with Large Number of Classes, with ICCV 2013
- PC member, Workshop on Wearable Computer Vision Systems, with ICCV 2013
- PC member, International Joint Conference on Artificial Intelligence (IJCAI) 2011
- PC member, International Workshop on Stochastic Image Grammars (SIG), with ICCV 2011
- PC member, International Workshop on Human Behavior Understanding (HBU), 2010, 2011, 2014
- PC member, Workshop on Use of Context in Video Processing (UCVP), 2009, 2010, 2011

Journal reviewer

- IEEE Transactions on Pattern Analysis and Machine Intelligence (PAMI), International Journal of Computer Vision (IJCV), Computer Vision and Image Understanding (CVIU), IEEE Transactions on Image Processing (T-IP), IEEE Transactions on Circuits and Systems for Video Technology (T-CSVT), Image and Vision Computing Journal (ImaVis), IEEE Transactions on Systems, Man and Cybernetics, Pattern Recognition, etc.

Advising

Academic advisor

- AJ Piergiovanni, Department of CS, Indiana University (Ph.D. student)
- Alex Seewald, Department of CS, Indiana University (Ph.D. student)
- Alan Wu, Department of ISE, Indiana University (Ph.D. student)
- Maria Soledad Elli, Department of CS, Indiana University (M.S. student)

Ph.D. and M.S. defense/proposal committee member

- Sven Bambach, Indiana University (Ph.D. 2016)
- Stefan Lee, Indiana University (Ph.D. 2016)
- Josh Harguess, the University of Texas at Austin (Ph.D. 2011)
- Birgi Tamersoy, the University of Texas at Austin (M.S. 2009)

Teaching Experience

- **INFO/CS I400/B490 Intro to Computer Vision, Indiana University Bloomington:** Spring 2016/2017,
Instructor: M. Ryoo
Scope: an introductory Computer Vision course for undergraduate students.
- **INFO/CS I590/B659 Vision for Intelligent Robotics, Indiana University Bloomington:** Fall 2015/2016,
Instructor: M. Ryoo
Scope: a graduate seminar course on state-of-the-art Computer Vision algorithms and their applications to Robotics.
- **ME/CS 132a Introduction to Vision-based Robot Navigation, California Institute of Technology:** Winter 2015,
Instructors: L. Matthies, R. Brockers, B. Rothrock, T. Fuchs, S. Weiss, and M. Ryoo
Scope: current topics in robotics research in the area of autonomous navigation and vision, including perception.
- **EE380L-7 Pattern Recognition, the University of Texas at Austin:** Spring 2008,
Instructor: J. K. Aggarwal (M. Ryoo provided four guest lectures on statistical computer vision methods)
Scope: statistical approaches including Bayesian classifiers, Bayesian networks, and hidden Markov models.
- **EE380L-8 Computer Vision Systems, the University of Texas at Austin:** Spring 2007,
Instructor: J. K. Aggarwal (M. Ryoo provided five guest lectures on statistical computer vision methods)
Scope: computer vision applications of Bayesian classifiers, Bayesian networks, and hidden Markov models.

Citizenship : U.S. Citizen, born in California.
